Dear Ms. Meyers and Messrs. Peckman, Sauls, and Salman:

This is to affirm my office's opposition to Freeport-McMoRan's proposal to expand its operations into the landscaped area by the installation of the CEB800 gas burning flare at the property located at 2126 Adams Boulevard.

I have had several meetings with community members and stakeholders who have shared numerous concerns regarding this project. While I can appreciate Freeport's longstanding history in this area, I understand the community's concerns and expressed opposition to this project and hereby express my opposition to CEB800 installation proposal.

By copy of this letter, I am notifying Zoning Administrator Charlie Rausch, and the Director of City Planning, Michael LoGrande, of my opposition.

Sincerely,

HERB J. WESSON, Jr.
